

Save Morongo Basin Schools!

Public call for transparency before school closures

Morongo Basin families depend on strong, accessible public schools. MUSD is discussing possible closure and consolidation of up to four elementary schools as early as Fall 2027.

Before any closure moves forward, families deserve the full picture: real site-by-site savings, transition costs, receiving-schools impacts, staffing and program changes, alternatives to closure, administrative reduction options, and a clear fiscal stabilization plan.

WHY THIS MATTERS

MUSD has been reviewing a large budget deficit and declining enrollment. After strong public turnout and community pressure, the Enrollment Committee did not advance school-closure scenarios as a recommendation to the Board.

This is an important step, but the process is not over. Upcoming Board meetings will show how the district responds, what stabilization path moves forward, and whether closure discussions are truly paused.

This affects the whole district: not only named schools – **Morongo Valley, Landers, Friendly Hills, Palm Vista**, but also receiving schools, staff, families, neighborhoods, local businesses, transportation, and long-term community stability.

PUBLIC COMMENT FOCUS

Ask the district not to advance any closure decision until the public receives:

- Actual projected savings and transition costs
- Transportation and receiving-school impacts
- Student transition and school-climate plans
- Enrollment assumptions and facility data
- Alternatives to closure / administrative reductions
- No closure without real alternatives

WHAT YOU CAN DO

- **Share this information.** Many people still do not know this process is underway.
- **Sign the petition** to Save Morongo Basin Schools.
- **Attend meetings and submit public comment** asking for transparency, alternatives, and full community impact review.
- **Contact the School Board and District Office.** Ask that school decisions prioritize long-term community impact, not only short-term budget solutions.
- **Volunteer.** Help to track the legal process, documents, meetings, outreach, and public records.
