

Save Morongo Basin Schools!

Public call for transparency before school closures

School is back - and the closure discussion is back. Despite the Enrollment Committee's no-closure recommendation, the Board will revisit fiscal stabilization, boundaries and potential school closures on Aug. 25.

THE COMMITTEE SAID NO CLOSURES. Before that path is reopened, families deserve a public comparison of real savings, transition costs, boundary impacts, staffing changes and alternatives.

WHY THIS MATTERS

After months of public meetings, the Enrollment Committee **recommended no school closures** and urged other stabilization options first.

On **June 16** - the last meeting before summer recess - the Board approved top-administrator salary adjustments, extended Superintendent Vargas's contract through 2030, and adopted new BB 9200 language limiting how individual trustees may actively engage on complaints and certain constituent matters.

On **Aug. 4**, the Board announced an Aug. 25 study session to revisit fiscal stabilization, boundaries and **potential school closures**.

The closure question is not settled.

WHAT YOU CAN DO

- **Attend Aug. 25.** The study session is open to the public.
- **Ask why closures are back** after the Enrollment Committee recommended against them.
- **Demand side-by-side numbers** for closure scenarios and real alternatives.
- **Share the petition and updates.**
- **Follow the election.** We will ask every candidate the same questions and publish answers side-by-side.

KEY DATES

Tue., Aug. 25 - 8:30 AM

SPECIAL BOARD STUDY SESSION

Budget stabilization, boundaries and potential school closures

Joshua Tree Professional Development Center

Tue., Sept. 8

REGULAR SCHOOL BOARD MEETING

Tue., Nov. 3

GENERAL / SCHOOL BOARD ELECTION

Trustee Areas 1, 4 and 5 are on the ballot.

CANDIDATE FILING CLOSED

Parents for Transparency will invite every candidate to answer the same questions and publish responses side-by-side.

PUBLIC COMMENT FOCUS

Before any closure or consolidation advances, ask for:

- Site-by-site **net savings** after transition costs
- Transportation and receiving-school capacity
- Student, staff and program impacts
- Enrollment assumptions and boundary maps
- Administrative reductions and non-closure options
- A public explanation if the Board departs from the committee recommendation

NO CLOSURE WITHOUT REAL ALTERNATIVES.
